

# Forum Program Committee Charter

## Purpose

The purpose of the Forum Program Committee (FPC) is to encourage and curate a strong program of presentations, workshops and panels for Euro-IX fora. This includes facilitating discussions as session chairs or moderators, soliciting feedback from previous fora to be considered in developing future agendas and proposing areas of improvement to enhance fora activities. The FPC can assist in the FPC election process, by helping Euro-IX to ensure the election process is accessible, inclusive and welcoming of all candidates who would bring value to Euro-IX fora.
